PROFESSIONAL SUMMARY

Finance and technology executive with 10+ years of experience operating at the intersection of investment management, digital transformation, and advanced analytics. Proven track record of building and scaling data-driven platforms, delivering AI-enabled solutions, and driving measurable ROI across financial services, fintech, and public-sector environments. Combines deep expertise in portfolio management, risk, and structured finance with hands-on leadership in cloud architecture, data governance, and agile delivery—consistently translating complex technology into strategic business outcomes.

Investment Management • M&A & Private Equity • Digital Strategy • AWS Cloud Tech • Blockchain Technologies • Data Analysis and Governance • Project Management • Risk Management • AI & Machine Learning

WORK EXPERIENCE

Founder and Director | JAVE | [jave.lv](#) | Jun 2018-

- Launched STEM education initiative, delivering 1,000+ classes across 20+ schools with European Social Fund support.
- Designed and accredited courses including Computer Modeling of Biochemical Processes, Mathematical Games, Video Game Development, and Practical Astronomy, driving scientific literacy among youth.

Management Consultant, Digital Transformation & Risk | Adastra | CZ | Nov 2022-Mar 2024

- Advised major European and Asian banks on underwriting and collections processes, achieving measurable efficiency gains and risk cost reductions.
- Led core workstream in a large-scale digital transformation for the UK public sector client, focusing on stakeholder alignment, data governance, and BI modernization to enhance decision-making and regulatory reporting.

Investment Management & Operations Executive | ECNG Technologies | LV, EE, LT | Jun 2019-Oct 2022

- Led end-to-end platform development, integrating KYC, custody, and compliance tools to enable secure, scalable client onboarding.
- Delivered PoC/MVPs under agile methodology, facilitating growth across the Baltics with minimal fixed costs.
- Drove 5x ROI through strategy execution in digital asset trading, combining risk-managed DeFi investments and options-based hedging.

Head of Operations | MeritKapital | UK, CY, LV | Apr 2015-May 2017

- Managed \$15M AUM across fixed income and multi-asset strategies, optimizing trading, settlement, and compliance workflows across jurisdictions.
- Led the development of a digital client interface, streamlining investor access and reporting.
- Explored and implemented structured finance products (REPOs, derivatives), enhancing yield without excess risk.

M&A Transactions Advisory Consultant | EY | LV | Jun 2014-Mar 2015

- Conducted due diligence for major banking, telecom, and energy deals, contributing directly to valuation and strategic decision-making.
- Independently built a shortlist of strategic buyers for a client in chemical industry; pitch led to a successful acquisition within 12 months.
- Delivered deep-dive analysis on asset performance and risk factors, supporting restructuring and capital optimization.
